Safety While Shopping

- Avoid carrying large amounts of money.
- Never leave your bag or purse in your trolley, however well hidden by goods.
- Never leave your bag or wallet unattended on a shop counter - not even momentarily. Remember, that is when thieves pounce.
- Hold your bag tightly. Carry your bag around your neck and diagonally across your body. Don't carry it hanging over one shoulder.
- Teach your children that one does not eat food in the shop before it is paid for.
- Hold your smaller children by the hand as they may go missing in busy shopping malls.
- Be alert when approached by another person who may be distracting you so their counterpart can steal from you.
- If a stranger bumps into you while shopping immediately check for your valuable belongings.
- Put your shopping bags in the boot of your car once your shopping is complete.
